About Us

At All Boxed Up, our hampers speak for themselves. Our corporate range is elegant and simple and can be tailored to your corporate identity which is the essence of corporate gifts . Our passion is servicing and satisfying our clients needs. Join the list of happy clients that indulge in our exquisite hampers year after year.

All our hampers are overseen by our Proprietor and are contemporary with classical elegance. We do not place any items in our hampers which have not been tested through our rigorous standard checks. We only pack our hampers in classical boxes not baskets – trying to dispel the old hamper myth.

Our hampers can be made to measure – we can provide items in our hampers of lasting quality that we can brand with your company logo – or we can create these hampers around your corporate colours.

We hope you enjoy the All Boxed Up experience
